SUNCOCO's interior has been extensively refitted in 2007-2009. All of the yacht's fabrics, materials, and furnishings have been upgraded thus creating an inviting and welcoming atmosphere. New electronic system of latest technology has been installed and all water toys have also been replaced. Full exterior repaint in 2013.

SUNCOCO, is the astounding result of designer De Vries and builder Lowland. SUNCOCO is the 103 foot displacement yacht, of pure Dutch supremacy! Her wide beam of 23.7 ft reveals her large volume, which ensures a sound and settled journey with plenty of room on board for your in-door and out-door entertainment. Your desired destination shall effortlessly be accomplished, with her velvety cruising speed of 12 knots.

Your entrance into SUNCOCO is through the salon, allowed by two large glass sliding doors with just a push of a button or with great ease manually. Once in the salon, to your right greeting you is an "L" shaped white cloth sofa. Directly in front of the sofa is a wooden, low coffee table. To the left of the saloon and across from the sofa, is a long wooden pantry and a 3D LED 40 inches TV. Also available DVD library with 3D movies. Next to this pantry you will find another sofa just as the previous, but a tad bit smaller, along with the same style coffee table. Separating the dining area with the salon is an elegant diminutive library with round table of the same size. Both the salon and dining area are very spacious with paneled walls and "Alcadara" leather ceiling. The lighting in these areas is adequately set with spot lights and during the day, you may enjoy the sunlight from the surrounding windows just by lifting the Venetian style blinds. The dining table comfortably and spaciouly seats eight persons. Against the wall of the dining room, you will find a large flat screen TV with two small lights for your viewing pleasure. From the dining room, to the right, you will come across a door which is the entrance to the galley and your excellent crews' quarters. The galley is fitted with all that is necessary to serve your every need. Between the dining area and salon, there is a stair case. Climbing up this staircase, you will enter the sky lounge, which is adjacent to the bridge. The sky lounge is the ideal spot for quiet relaxation. It consists of a sofa and small coffee table, facing the flat screen TV which is located on the wall above a tasteful wooden cupboard. In the sky lounge, besides laying back and setting everything behind you, you have the thrilling sensation that you are in command. You also won't be able to help but admire

the bridge; it is fitted with state of the art technology and so sophisticate decorated, that the temptation for you to "take the wheel" shall be extremely overwhelming. To further your relaxation, you may make your way out to the sun deck where you may enjoy a 360 degree view unforgettable seascape and serenity. Should you be cruising and unable to take a dip in sea, you may take your place in the Jacuzzi which is situated in the same area or just relax on the comfortable deck sofa and sun bathing lawn chairs.

After a full day of fun and excitement, your cabins await to offer you a wonderful night's sleep or siesta rest. Your four cabins consist of one Master, one VIP, one Double and one Twin with two single beds. The Master cabin has a Queen size bed, with reading lights above the head on both sides giving enough luminosity should you wish to read your book or thumb through a magazine. There is a large walk in closet for your wardrobes, but there are also so many drawers and regular closets that space is vast. To the left of the bed, there is a desk and to your right there is a small couch. The bathroom has a single water basin and glass case shower. Lastly, should you wish to keep your valuables secure, there is a safety box in the cabin available for your use. TV/DVD/stereo system and air-conditioning are also situated in the cabin, for your comfort.

The VIP cabin is pretty similar to your Master cabin, she too has his and hers walk-in wardrobes, desk to the left of the cozy Queen size bed and a snug sofa to the right of the bed. Petite reading lights are located above the head of the bed, on both sides. Your en-suite bathroom has one water basin and a glass case shower. TV/DVD/stereo system and air-conditioning are also situated in the cabin, for your comfort.

We now come to the Double cabin here you as soon as you walk in you immediately notice your double bed. The bed is situated to the left of the cabin against the wall. She has a pallid padded wall right behind the bed head. To the right of the cabin, situated is the en-suite bathroom with bath-tub and water basin. At the leg of the bed, there is a very spacious closet for your belongings. TV/DVD/stereo system and air-conditioning are also situated in the cabin, for your comfort.

Lastly, ready to accommodate the "young-ones" is the fine Twin cabin. There are two "content" single beds on both sides of the cabin, with cheerful colored beddings. Here too, is an en-suite bathroom at the end of the cabin with one water basin and bath-tub. TV/DVD/stereo system and air-conditioning are also situated in the cabin, for your comfort.

All the cabins are elegantly decorated with the finest of materials and fabrics and all quarters/areas, besides the switch-on lights have discreet ceiling lights.
